DUKE STUDENT RADIO

Spring Schedule 1987

Welcome one and all to the Spring 1987 edition of the WXDU Program Guide. If you picked up the Premiere edition of this guide back in the fall of 1986, you know about all of its useful features. You say you missed that one, huh. Well then, I'll fill you in on what it's all about. This here guide lets you check when your favorite DJ's are on-the-air at 'XDU as well as giving you some much needed info about everything else that goes on at 88.7. This "everything else" ranges from news and sports shows to specialty music and comedy shows, giveaways, and our hotter than hot Friday night Coffeehouse shows. So you're saying to yourself, "Why do I need to know all this?" Well, I'll tell you why. Because WXDU is dedicated to bringing you, the listener, the very best in progressive new music. That's right, we're not scared of a band who isn't (in the infamous words of Raoul Duke) "pretty enough, rich enough, or 'popular' enough to be on Top 40 stations." We're playing these bands because the music is great, not because they are "the latest thing." Sure we'll be playing bands you know, but keep tuned when a song you don't know hits the airwaves -- let our DJ's broaden your musical tastes. Listen for interviews with your favorite bands and don't miss out on your chance to win their latest LP or tickets to see them live. Jump on the WXDU bandwagon (pun most definitely intended) and expand your musical knowledge. Use the Program Guide to listen and learn. And when there's something you really want to hear, give our request line a call at 684-8870 or 684-8871. Well, I'm finished preaching, the rest is up to you -- keep the dial at 88.7 FM and you'll never be illin'....
